

## HowTo107 - Example: How to convert boilerplait texts into prompts

Vorher

The screenshot shows the Oracle Forms Runtime window titled "Company Personnel". The window has a menu bar (Action, Edit, Query, Block, Record, Field, Help, Fenster) and a toolbar with various icons. The main area is divided into two sections: "Department" and "Personell".

**Department Section:**

Department

Number  Name   
Location

**Personell Section:**

Nr	Name	Role	Hire Date	Salary	Comm	Bonus
7782	CLARK	MANAGER	09.06.1981	2450		
7839	KING	PRESIDENT	17.11.1981	5000		
7934	MILLER	CLERK	23.01.1982	1300		

At the bottom of the "Personell" section, there are buttons: Salary Grades, Show Hierarchy, Save, Discard, and Exit.

The status bar at the bottom shows "Datensatz: 1/?" and navigation keys "<BSB>" and "<DBG>".
